

## STEP 1 Analyse and Prioritise

Site name: Unley Kindergarten

**Goal: How do we partner with families to support every child's agency to develop their identity as a learner?**

## STEP 2 Determine challenge of practice

### Challenge of Practice:

Educators will demonstrate flexibility in program delivery and integrate children's emerging ideas through developing an understanding of each child's dispositions, temperament and interests shared by their families.

### Success Criteria (what children know, do, and understand):

- Children initiate and contribute to play experiences that emerge from their own ideas and interests
- Children repeat, revisit and add to projects or experiences that they initiated or contributed to
- Pedagogical documentation will demonstrate change in educator practice to support children's agency
